- Adaptability and Flexibility.

CERTIFICATES

Introduction to Web Development from Coursera

Introduction to Cybersecurity from Cisco Networking Academy.

Python basics from hackerRank .

PROJECTS

Weather App using html , css and javascript. (09/2021)

- My weather app will show the weather information that it will get from the API like this, an Icon that shows the weather status, the temperature value in Celsius unit, the weather description (clear sky), and then the user's city and country.

Student Management System (02/2022)

- Student data management with needed functions for data retrieval based on JDBC with MySQL Database connectivity
Reduces school's Management overhead and makes insertion, deletion and updation of student's record easier

To do list

- We will create a todo app with Html , Css and JavaScript . In this web app, one can create a todo list and can remove specific elements from the list.

ACHIEVEMENTS

Got 4 star in SQL at hackerrank.

Got 4 star in python at hackerrank.
